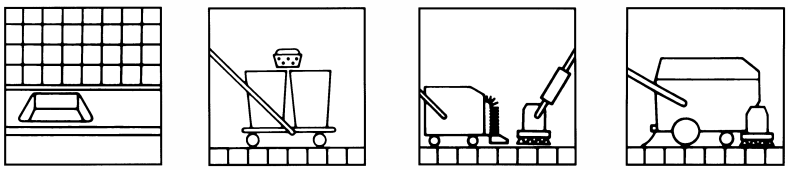
AZ 70 C

High concentrated multi-purpose cleaner

Refillable bottle with measuring chamber



Composition:
AZ 70 C contains: 5-15% anionic surfactants, less than 5% non-ionic surfactants, fragrance, limonene, alpha-isomethyl ionone, benzyl alcohol. Other ingredients: complexing agent, ammonia and dye.
pH-value: approx. 11.

Performance:
Quickly and reliably removes all kinds of dirt, even oil and grease are emulsified away. Pleasantly perfumed. Kind to the skin. Solvent-free.

Application notes:
All large premises where hygiene and cleanliness are very important. Ideally suited for doors, glass and plastic surfaces, ceramic tiles, varnished wooden and vanished metallic furniture, etc.

Usage:
For normal soiling work with a 0,25% solution (20 ml = 1 measure from the measuring chamber to 8l water).

To measure out the dose:
Unscrew white bottle closure. Apply gentle pressure to the body of the bottle until the measuring chamber is full. Withdraw pressure. Concentrate adjusts to the exact filled quantity of 20 ml.

Art.-Nr.: 04612	6 x 2 l
Art.-Nr.: 04692	4 x 2 l bottle

To refill: Unscrew the red bottle closure. Fill empty 2-liter dosing bottle with AZ 70 C from 2-liter refill bag Screw on the red cap.

Precautions for use:
Irritating. Contains anionic and ionic surfactants. Irritating for eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Keep out of the reach of children.

Ecology:
This product is subject to regulations governing the environmental compatibility of washing and cleaning agents and the associated regulations on the biological degradability of the raw materials used.
Comprehensive information about the environmental characteristics of this product is available on request.
Give only completely emptied packaging to special waste disposer.

This product is designated for industrial use.

Product code: GU 80	UBA 0947 0620
Waste Key: 070608
